OF NEW YORK

MATTERS IN CONGRESS.

Senator Jones Hints that a Surprise
is in Store for Somebody.

WASHINGTON, August 26th.—The Senate will probably devote one or two days this week to the discussion of the President's message on the fisheries before it is referred to the Foreign Affairs Committee. There are several Republican Senators who desire to speak on the subject, and they will unquestionably be answered by their Democratic opponents.

Senator Jones, of Nevada, expresses the opinion that some measure will be reported to give the President a chance to redress any grievance that American citizens suffer at the hands of the Canadian authorities, and that a report will accompany such measure which will cast a flood of light upon the whole subject of the relationship between the United States and Canada.

Senator Jones says that the President's message on the fisheries will not be allowed to divert attention from the main issue of the campaign, the tariff. The Finance Committee has been able for some time to report a substitute for the Mills bill, but, acting under the advice of some of the ablest men in the party, the report has been purposely delayed. It is possible that in the end no bill will be reported, but at the present time it is the firm intention of the Republican members of the committee to report a bill, and it will be laid before the full committee as soon as it is deemed expedient to do so.

In the House there is a likelihood of the return of many absent Democratic members this week. If Wilson's bill on the subject of the fisheries is to be passed, it may require the attendance of a Democratic quorum to put it through.

The fight will be continued over the clause in the general deficiency bill to pay the French spoliation claims.

HOW VIRGINIA WILL GO.

The Democrats Find Cause for Alarm in the Outlook.

WASHINGTON, D. C., August 23.—The Democrats are alarmed over the outlook in Virginia. The representations made by Senator-elect Barbour to the National Committee have induced that body to give the State some attention. This is done grudgingly, because Governor and his associates think that if Virginia can not be carried for Cleveland the Democratic party ought to go out of business. Yet they recognize the condition which confronts them and will take no chances in theorizing about what the situation ought to be. The widespread dissatisfaction of the Old Dominion Democrats with the Administration has never been thoroughly healed. They found they were not faring any better than under a Republican Administration. To add to their discontent the party is split on the tariff question, a majority being such strong protectionists that the last Democratic State Convention had to adopt a protection platform. Harrison's nomination has caused a defection of old line Whigs, who have been chafing under Bourbon restraint for years and propose to take the chance to get out of the Democratic party.

Senator Riddleberger who has been taking a hand in some of the Republican factional struggles, returned to Washington yesterday. The outlook, he declares, is unmistakably a good one. When it was suggested that the Democrats might heal the breaches in their party and close up for the fight, the Senator replied:

"What is to keep the Republicans from closing up their ranks before election time? I think we will do so, and if we do we will carry the State."

Congressman Matson, Democratic candidate for Governor of Indiana, is one of the most faithful attendants upon the base-ball games at Washington. Next Fall he will know how it feels to be knocked out.

General Harrison, according to one Indiana correspondent, has completed his letter of acceptance, but it will not be given until after his outing on Lake Erie.

Surveyor General Irish and Percy Powers are at Fort McD. mit.

WAR CLAIMS.

Senator Stewart's Labors in Behalf of Pacific Coast States.

WASHINGTON, August 26.—Senator Stewart has made an elaborate report on the State war claims of California, Oregon and Nevada in support and explanation of the bill reported from the Senate Committee on Military Affairs, the object of which is to ascertain the amount of money paid by the States above mentioned for common defense in the securing, arming, etc., of volunteers for the purpose of guarding the overland mail and emigrant routes and taking the place of regulars to defend the borders and suppress Indian hostilities subsequent to April 15, 1861. Also, to ascertain the amount in interest paid by these States on the principal borrowed and expended for reimbursement by the United States.

The report says the condition of affairs in these remote States was serious. Indeed, the absence of United States regular troops, withdrawn from the Pacific Coast, rendered it absolutely necessary that the overland mail and emigrant route should be guarded from incursions of hostile Indians, and this was done most efficiently by volunteers from the States in question. To the calls for volunteers for the war of the rebellion, and for guarding the Pacific railway routes, the State responded promptly and faithfully. California's quota of enlisted volunteers aggregated nearly 10,000 men. The amount of these claims arising subsequent to April 15, 1861, are: California, \$2,938,623; Oregon, \$390,623; Nevada, \$341,137; total, \$3,670,383. The authority and precedents for the United States to pay these claims is based upon the fourth section of the fourth article, and the tenth section of the first article of the Constitution of the United States, and upon Secretary Seward's letter calling upon the Governor of loyal States to put their States in defense at their own expense, and rely on the General Government for reimbursement.

California, Oregon and Nevada, the report says, have not slept upon their rights in these premises, but have brought these claims to the attention of Congress through their Senators and Representatives by memorials and in various other ways for many years past.

REPUBLICANS MEAN BUSINESS.

Some of the Literature Being Sent Out by the Congressional Committee.

WASHINGTON, D. C., Aug 23.—The Republican Congressional Committee, which has its headquarters in Washington, is sending out a large amount of campaign literature. Edward McPherson, the Secretary, is up to his eyes in work. To-day he gave a list of the speeches sent out on demand. It included the speeches of Senators Sherman, Frye, Hale, Platt (in German), Ingalls, Teller and Riddleberger, and Congressmen Reed, McKinley, Burrows, Goff, Mason, Boutelle, McComas, Payson, Outchison, Henderson, Guenther, Woodburn, Hovey, Honk and Gallinger. The following is the list of tariff tracts: "Poor Man's Blanket," etc., "Wool and Woollens," "Condition of Labor in Europe," "Protective Duties Not a Tax," "Wages in England and United States," "Wages Common to Great Britain and Massachusetts," "Free Raw Materials." Some of the mottoes employed are: "A Free Ballot, a Fair Count, and Corrupt Returns," and "Protection to American Industries." The Republicans evidently mean business judging from the work of this Congressional Committee.

SENATOR EDMUNDS CANNOT SPEAK.

His Voice, But Not His Heart, Fails Him—Wishing for Success.

NEW YORK, Aug. 23d.—A letter was received yesterday by the National Republican Campaign Committee from Senator Edmunds stating that he would not be able to make any more campaign speeches this year, owing to the condition of his health and the extensive requirements of his Congressional work. That he writes this declaration with regret is evident from his letter, in which he says:

All my heart and hopes and wishes are in the success of our candidates in the present campaign, for I really think that it is one of the most important crises in the history of our country, particularly as regards the material welfare, prosperity, and happiness of all the people. It is not, therefore, from any embarrassment connected either with our cause or our candidates that I have been obliged to decline public speaking. It is physically impossible for me to speak out of doors, and very nearly so in any large hall filled with people. The wear and tear of nine months of Senatorial work and the not altogether propitious climate of Washington are inducing to me that my capacity for work is substantially exhausted for this season.

To Fire the Hoosier Heart.

St. Louis Globe-Democrat: The main speaking on the Democratic side in Indiana is to be done by Vest, Blackburn, Mills, Reagan, and several other well known Confederate Statesmen. Evidently the idea is to fire the Democratic heart by recalling Gen Morgan's raid into that State in the interest of free trade and servile labor.

REASONS FOR OPPOSING CLEVELAND.

A Democratic Lawyer Tells Why he Cannot Support the Administration.

James Chapman, a well-known Jersey City lawyer, who has been a strong Democrat for years, finds Cleveland and the Democratic platform too much for him now, and he gives the reasons for his change in a letter to the Evening Journal, of Jersey City, as follows:

Editor Evening Journal:—A man should have some reason for the course he pursues which reason should at least commend itself to his own judgment. I have but little respect for a man who pins his faith to the coat sleeve of his father, or who will yield a blind obedience to party dictation, even at the sacrifice of principle. Allow me, in brief, to give my reasons for declining to support Cleveland for a second term:

First—Mr. Cleveland in his acceptance of the nomination for the first term gave notice that he was opposed to a second term, and by implication, if not directly, declared he would not be a candidate for a second term. "Faluns in uno, faluns in omnibus" is an old legal axiom which it is well to remember in other things as well as in the practice of law.

Second—"To the victors belong the spoils" is a doctrine older than Mr. Cleveland, yet while professedly ignoring this doctrine (in obedience to the mandates of the "Civil Service" law), he has in practice repudiated the Civil Service, under the lash of that close corporation vulgarly known as "party ring," which party ring recognizes no merit but the dictation of the ring master.

Third—Mr. Cleveland proclaims himself in favor of "free trade," in other words, contrary to the teachings of pure Democracy. Mr. Cleveland favors throwing open wide the door to admit foreign products, the fruits of pauper labor, to compete with home industry. How any American mechanic or laborer can support one who thus seeks to degrade and impoverish families of honest workmen here, for the benefit of cold-blooded monopolists, I cannot understand.

Fourth—No soldier who calls to mind the privations and sufferings through which he passed on the battle-fields of the South, or who remembers the friends and relatives who sacrificed their lives in that great struggle, or remember those who, returning maimed and crippled, have ended their days in some county poorhouse, can conscientiously vote for a man who, at every step, has proved himself to be antagonistic to the soldier's claims. Too cowardly to go to the front himself, he seems to hate the very name of soldier, and one of his first acts on taking the Presidential chair was to place at the head of the pension department the rebel General Lawar, as if by this very act to define his position, is an open insult to the Federal soldiers.

I might refer to other matters which go far to show not only his incompetency but also his unfitness for the office he now holds, but the reasons already given will suffice that I cannot support Mr. Cleveland, but will do all in my power to defeat him.

JAMES CHAPMAN.

JUDGE THURMAN IN A NEW ROLE.

He Kisses Each of the Pretty Young Women at Huronia Summer Resort.

PORT HURON, Mich., August 23.—It was the intention of those with Judge Thurman to give him a quiet day today, and this he has had, although there have been some interesting and affecting incidents during the day. Port Huron is a quiet little city in which rest is possible, and the Judge obtained a good night's sleep, which has been followed by a day almost equally restful. After a late breakfast by the Judge, Collector Ward took the party in carriages to the home of Judge Zephaniah Bance, an old and tried Democrat who lives on his farm four miles below this city, on the St. Clair river. The drive is a delightful one, and was greatly enjoyed. Judge Bance is 101 years old and blind, but he is erect and vigorous. He welcomed them on his front porch, where he and Judge Thurman enjoyed a pleasant and interesting conversation.

This visit kept the party later than had been expected, and it was after 5 o'clock when they reached Huronia Beach. Carriages took them to Fort Gratiot, at which point they took the electric road to the beach. The road is one of Thomas A. Edison's inventions and runs past the home of his father, Samuel Edison, who, hale and hearty at over 80, sat in his front yard to give a warm greeting to the man for whom he will vote for Vice President. A conversation was held here for a few moments. At Huronia Beach the cottage of D. W. Brooks, of Columbus, had been tastefully ornamented with flags and flowers, and an informal reception was held. Light refreshments were served and the party prepared to leave, but the young women, of whom there were a large number present, were loth to part with the Judge. When he endeavored to leave they surrounded him, and to escape from them he paid tribute to their beauty and cordiality by kissing one and all, and evidently was ready for more. In the evening another informal reception was held at the palatial home of Collector Ward, the people of Port Huron turning out in good numbers to do honors to the city's guest.

They Travel as Slow Freight.

Boston Herald (Dem.): Mr. Blaine came to town yesterday and brought considerable Republican enthusiasm with him. The Democrats are waiting for the gravel train to arrive.

THEY RALLY UNDER THE OLD FLAG.

And Hereafter They Will Keep Step to the Music of the Union.

Joseph Martin, of Newburg, N. Y., prominent in local Democratic circles, has come out strongly for Harrison.

Orville B. Terwilliger, of Amsterdam, New York, a Democrat all his life, will vote for Harrison and Morton next November.

John Carson, a Dalton, Massachusetts, paper manufacturer, heretofore a Democrat, announces that he cannot support Cleveland and Thurman this year.

J. E. Bedell, a leading Prohibitionist of Knox county, Ohio, says he can no longer see why a third party should fight the Republicans and help the Democrats into power.

The first Republican club ever formed at Bay Side, Long Island, has just been organized and fifty members enrolled, most of whom have heretofore been Democrats.

Edward McDonald, of Watervliet, New York, a Democrat for thirty-six years, and E. F. Herington, of West Hoosick, a Democrat of fifty years standing, will vote for Harrison and Morton.

Samuel Sherrard, an old soldier living in Pembroke, New York, hitherto a Democrat, has bolted Cleveland and free trade and declares that Harrison will carry Indiana by at least 8,000 majority.

The following are now converts at Sharon, Pa.: Jesse Hoagland and son, both old-line Democrats; C. J. Heydrick, who was not long since a Democratic candidate for the Legislature; and J. L. Fry.

Benjamin Ray, of Hudson, N. Y., well-known as the "war horse" of the Columbia county Democracy, has signified his intention to vote for Harrison and Morton. Mr. Ray has represented his district in both branches of the Legislature.

The Rev. D. Reeve, of Brooklyn, Chairman of the State Committee of the American party, wanted no nomination made by his party and will not support the ticket. He will vote for Harrison. Converts from this direction cannot be numerous for obvious reasons.

Mr. H. H. Faulkner, one of the most prominent Democrats in Leroy, New York, has come out against Cleveland. He worked and voted for Cleveland in 1884. Mr. Faulkner has been active in local politics, having been a candidate for Town Clerk and Village Trustee on the Democratic ticket.

Quite a sensation has been created at Ulrichville, Ohio, by the flopping of Joseph McCullough from the Democratic into the Republican camp. McCullough was appointed revenue collector in 1886 and made a wide reputation for himself by routing the "moon-shiners" in that section.

Ex-Mayor Thomas Voyle, of Carbonate, one of the most prominent Democrats of his section, has come flat-footed against Cleveland. Mr. Voyle takes pride in being an old-line Democrat, and the success of the party four years ago gave him much pleasure. He looked for a vigorous foreign policy and has been disappointed. John W. Lennon, also a Democratic Councilman of Carbonate, has come out for Harrison and protection.

Our Congressman, "Billy" Mason, is credited with having made several converts by his recent speech at Brewster, N. Y. At the close of the meeting seven men who had voted for Cleveland were introduced to Mr. Mason, and stated that they would vote for Harrison. William M. Branch, a manufacturer, stated that he could not vote again for a free trade platform. George E. Wright, a prominent farmer, said: "I voted for Cleveland, but when he recommends that my vegetables, poultry, and milk shall go on the free list and that sugar raised in the South shall be protected I will see how it seems to vote for a Republican." A. H. Porter, a civil engineer, and William H. Wright, jeweler, both said they would vote the Republican ticket for the first time.

There is at Troy, N. Y., a Harrison and Morton Club which is an anomaly. It contains over 400 members, all of them Democrats, who will vote for Gov. Hill if he is renominated, but they will not vote for Grover Cleveland. They are all employees of Rathbone Sarg & Co., stove manufacturers. The firm employs 700 men, and its members are Democrats. If the club were composed of men who had been both Democrats and Republicans in the past the situation would not be so awkward. But there's the rub. No old Republican has joined the club, for such a man would not vote for Gov. Hill. The stove-workers of Troy talk of organizing a similar club.

Insufficient Accommodations.

SUICIDE OF A YOUNG GIRL.

She takes a Fatal Dose of Laudanum to Frighten her Mother, Who Had Reproved Her.

Last Saturday night Miss May Ella Lampman, a sixteen-year-old girl, living on the Phillips' ranch, near Carson, committed suicide by taking a dose of laudanum. The Carson Tribune, of Monday evening, says:

During Saturday afternoon Miss Lampman asked leave of her mother to accompany some lady friends to Shaw's Springs, agreeing to be home by 5 o'clock. Permission was granted. It seems that she did not return home until near 8 o'clock, and had been escorted home by Curtis Wright. The mother appears to have been a little annoyed at her failure to arrive at the appointed time and was on the lookout, and on her arrival spoke a little sharply and told her to go into the house quickly, accelerating her speed into the house with a slight push. Shortly afterward the girl told her mother she had swallowed a dose of laudanum, and that she (her mother) would not have another opportunity of upbraiding her before a young gentleman. The mother paid no attention to the remark thinking it merely a foolish threat calculated to scare her. Later on the girl became acting strange and flighty, stating that there was a man dressed in black after her with a knife, and then fell on the bed in a stupefied condition. The mother then came to a realizing sense that her daughter had swallowed the fatal draught.

Two physicians were called to the girl's assistance, but too late to save her life, as the poison had been absorbed and had spread through her whole system. The doctors did all in their power to save the girl, but she died about 4 o'clock Sunday morning.

When it was too late Miss Lampman told her mother she was sorry that she took the drug. She earnestly appealed to the physicians to save her life. The mother is almost heart-broken, but is not to blame by her friends and neighbors for what she did. Miss Lampman was born at Oakland, California. Her father was accidentally drowned in the Sacramento river thirteen years ago. The girl was very handsome and was highly esteemed by all who knew her.

STATE FAIR.—The date for holding the State Fair is fast approaching and the Board of Directors desire the co-operation of the ladies of Reno. They desire a magnificent display of their skill in the fancy work department. Therefore ladies prepare your fancy work and make an exhibit.

A ROUGH DEAL.

A Swamping Fire in Belleville, Esmeralda County.

The Enterprise says "last Saturday night a fire broke out in the town of Belleville, on the Carson and Colorado railroad, which destroyed ten wooden buildings. Among the buildings burned was the store of Levi Smith (in which also was the postoffice), the restaurant and two or three buildings run as lodging-houses by Mr. Swindell; also some unoccupied buildings. Five of the buildings burned were owned by D. Simpson, who is now in this city. The restaurant run by Swindell was owned by J. M. Jones. Three of Mr. Simpson's buildings were run as lodging-houses by Swindell. Mr. Simpson lost six sets of furniture with his buildings. As he was on the Comstock at the time of the fire, Mr. Simpson does not know how it originated. The hotel, the largest building in the place, had a narrow escape. There are no means of fighting a fire in the town. There is not even a bucket brigade in the town, and the only water is that which goes to the mills. It was a big fire for so small a place. As for the loss, at an ordinarily brick time it would have been \$5,000 or \$3,000. Now the town is so dead that a building in it can hardly be sold at any price. Lumber cost about \$100 a thousand at the time a majority of the buildings were erected. Under the store occupied by Levi Smith is a fire-proof cellar, in which he kept the greater part of his stock, and it is thought his loss in goods was not very heavy."

DOUGLAS COUNTY PATRICIDE

William Elgis Fatally Stabbed By His Brother

At Gardnerville, Douglas county, last Saturday evening an affray occurred between two brothers, William and Henry Elgis, in which the latter received a wound which will undoubtedly prove fatal. It is said that Henry Elgis is a man who is quarrelsome and much to be feared when he is under the influence of liquor. On Saturday evening, when intoxicated, he began abusing his brother William, who is a late arrival in this State. Henry is a powerful man, and he finally grasped William by the throat, swearing he would choke him to death.

William, finding himself choking, drew a knife and plunged it twice into his brother's back. The knife passed forward in such a way as to penetrate both lungs.

A physician was sent for, but had no hope of saving the life of the wounded man. Blood poured from the wounds at every breath he drew. At last accounts he was still alive, but was fast falling.

THE RENO WHEELMEN.

They Visit Carson and are Entertained by the Carson Club.

On Sunday morning a delegation of ten members of the Reno Bicycle Club left for Carson on the morning train, taking their wheels with them in the baggage car, the roads between here and the Capital being to sandy to ride over. They were met at the depot by the Carson boys, who escorted them to the Arlington, and later to the Capitol grounds, where a fine photograph was taken of the group with the Capitol for a background. During the day rides were taken to Shaw's Springs, where all indulged in a fine plunge bath in the big tank; to the State Prison, through which institution they were shown by the genial Warden himself; and about the town. A fine lunch was served at the Ormsby and dinner at the Arlington, to both of which repasts the Reno boys did full justice. They left for home on the evening train with a high opinion of the Carson wheelmen as entertainers. Everybody had a good time and the Carson boys were invited down to participate in the races at the Fair, at which time they will be entertained by the Reno Club.

There will be no change in the time of our local trains.

GAS WORKS CHANGE.—It is understood that a Mr. Price, of San Francisco, has purchased a controlling interest of the Reno Gas Co. and will hereafter manage the works, sparing no expense to give Reno better service than it has ever had. The new incandescent gas light will also be introduced.

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown, —to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Syrup of Figs

I suffered with catarrh for many years and got so deaf

that I went about my Museums, Circus and Theatre giving

directions and doing business with a big ear-trumpet at

the side of my head. It was very annoying to me and

amusing to those who saw me. By the advice of physi-

cians I sought the climate of the Sunny South. In six

months I could see no change and was discouraged. At

this time I began using Chalmer's English Catarrh Cure.

In three months I felt a new man, in six months my hear-

ing returned. I refused to give a testimonial at once for

the English Catarrh Cure, as I feared it was not perman-

ent. But a year and more has now passed, and I can

now heartily indorse Chalmer's English Catarrh Cure for

the cure of catarrh and deafness.

POLITICAL. REPUBLICAN STATE TICKET. For Congress, H. F. BARTINE, Of Ormsby County. For Justice Supreme Court, M. A. MURPHY, Of Esmeralda County.

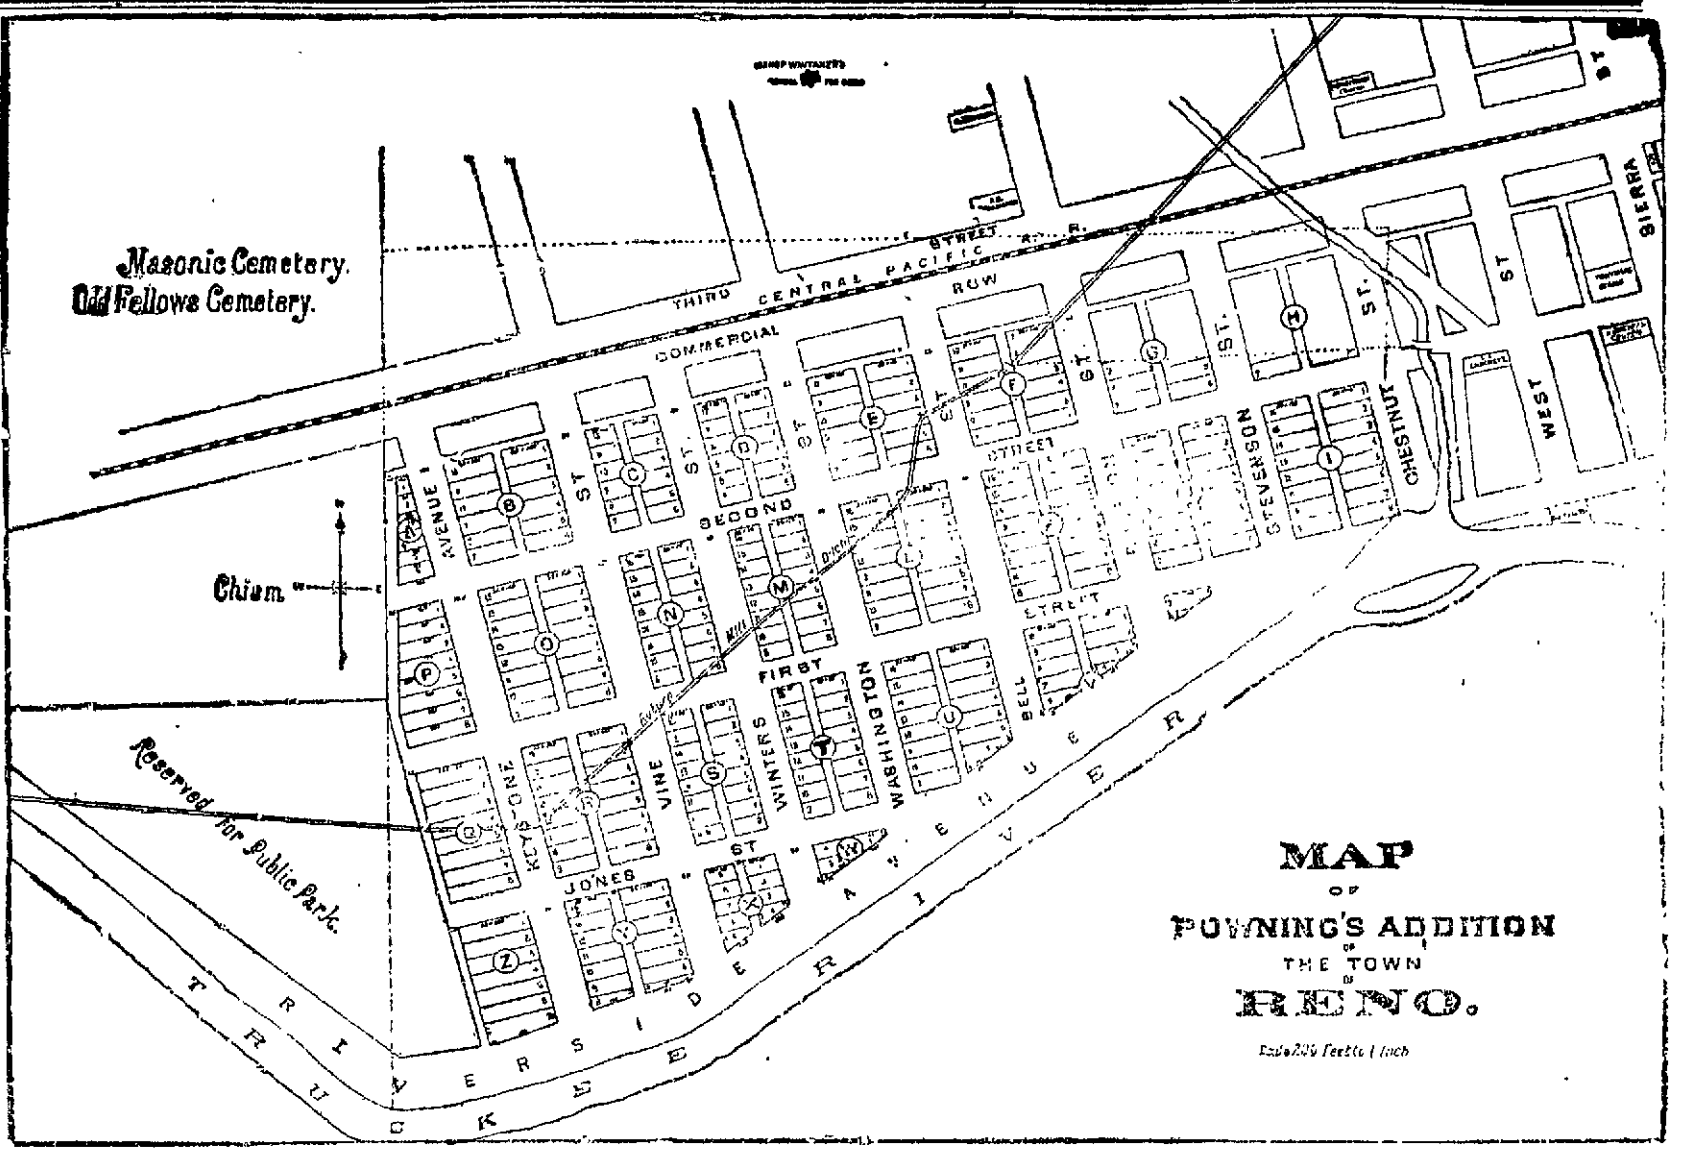

PLATFORM AND RESOLUTIONS. The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century.

Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people.

Resolved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places the hands of the Treasury Department all the revenue of the Government to speculate in bonds and loan to National banks without interest, is subversive of the rights of the people.

Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the workmen's competition with the cheap labor of other lands.

Resolved, That we favor the nomination of no man for President who is personally interested in the money market, or who is personally interested in the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich.
